Firms

### Biography

Mr. Hinders has been a registered and practicing architect for the past eighteen years and has been a University professor since 1987. Since 1990 Mr. Hinders has been a faculty member at the University of Illinois at Urbana-Champaign while concurrently practicing architecture. His office, Kevin Hinders, Architect, has assisted in the production of master plans for the university and the surrounding area: the UIUC campus, North and South Research Parks and Campustown 2000. He has designed numerous buildings and facilities while also participating on national and international competitions. Mr. Hinders' practice includes master planning, urban design and architectural design.

Associate Professor Hinders has taught at all levels of the University curriculum and is a member of the UIUC Graduate College. He directed the Rome Study Abroad Summer Program in Architecture 2003-2006. He actively integrates his teaching and research into his creative work and practice.

In 2005, following up on an integrated studio co-taught with Distinguished Hilfinger Professor Marc Mitalski, Mr. Hinders entered into a partnership with Mr. Mitalski, and PREPARE to offer planning, architecture, and engineering services.
